

DP2K-8S

Small DLP Cinema projector for screens up to 8m (26ft) wide

The Barco DP2K-8S projector is a compact digital cinema projector designed for smaller theaters, independent cinemas and art houses. The DP2K-8S is a DCI-compliant projector that includes a 0.69" DLP Cinema® chip and a high-grade cinema lens.

Why you'll love Barco's DP2K-8S?

- **Uncompromised reliability** built upon the proven benefits of Barco's renowned DP2K cinema projectors
- **Vibrant and stable colors** due to standard Xenon lamps
- **Crisp images over time** thanks to the acclaimed manual color convergence mechanism of the larger Barco projectors
- **Ultimate peace of mind** and easy regulatory compliance thanks to the 'out-of-the-box' DCI-compliance of the lamp, lens and storage technology
- **Full compatibility** with all internal and external 3D systems, including a multitude of alternative content input capabilities
- **Perfect image ratio in every setup** thanks to motorized lenses
- **Easy transport, installation and service** thanks to integrated handles, user-friendly software tools and smart modular architecture
- **Low operating cost** through energy-efficient Xenon lamps, standby eco-mode, reusable air filters and common components with other Barco projectors

Also available with Barco Alchemy

The DP2K-8S is also available with the Barco Alchemy Integrated Cinema Media Processor.
