

November 1, 2021

Dear Customer,

As we continue to make improvements to our products throughout their lifecycle, we occasionally replace an existing product with an updated version. As such, Dolby and SLS announce the withdrawal from sale of the System 300A screen speaker. This product will be withdrawn from sale on January 1, 2022. Orders will continue to be accepted until this date or until the existing inventory is depleted.

Replacement/Alternative products:

Part Number	Description
System 128:	Medium Screen Speaker System
CS128MH	Mid/High enclosure
CS128LF	Low Frequency Enclosure

This replacement screen speaker system provides superior asymmetrical coverage, deeper bass response, lower distortion, and increased SPL for the same price range.

While Dolby intends to continue to provide repair services and support for products withdrawn from sale through January 1, 2025, this announcement does not modify or guarantee repair services beyond existing warranties and terms and conditions. Moreover, the information in this email is subject to change without notice.

Should you have any questions or concerns regarding this announcement, please contact your Dolby sales representative or salesadmin@dolby.com.

Sincerely,

Dolby Laboratories, Inc.
