

PREMIUM SERIES

SEALED MINI, BRONZE, AND SILVER SPEAKERS

PREMIUM SERIES

SEALED MINI, BRONZE, AND SILVER SPEAKERS

Triad's flagship in-ceiling round speakers are the true music enthusiast's choice, delivering exceptional performance for the most important rooms of the home. The series employs carbon fiber for woofer construction—lightweight yet ultra strong—and a silk dome tweeter that provides rich, detailed high frequencies.

The frameless, ultra-thin grilles are elegant, blend into any interior design, and can be custom paint matched at the Triad factory for the perfect finish. These speakers can retrofit into an existing ceiling, and new construction brackets are also available.

The sealed-back design reduces transfer of sound to adjacent rooms and provides a predictable, uniform sound throughout the home.

The Triad Sealed Rounds were tested and have passed in accordance with UL 2043, a fire test for heat and visible smoke release for discrete products and their accessories installed in air-handling spaces.

MATERIALS

- Silk dome tweeter
- Carbon-fiber woofer
- High-quality crossover

FEATURES

- Aimable tweeter
- Two-way, sealed-back design
- Front-mounted tweeter adjustment switch (+/- 3dB)
- Frameless round grill included
- Frameless square grill available separately
- Custom paint finishes for round or square grills available (standard grill finish is white)
- Engineered, sealed steel enclosure keeps sound from transferring to adjacent rooms
- Tested and passed in accordance with UL 2043, a fire test for products installed in air-handling spaces

SILVER DT SEALED ROUND

- Dual aimable tweeters
