

Kwikset

SMARTCODE 916

TOUCHSCREEN ELECTRONIC DEADBOLT

With Control4 Technology

The SmartCode 916 features a capacitive touchscreen with Kwikset's patented SecureScreen™ technology to prevent code detection from fingerprints on the touchscreen. The contemporary design complements homes with a modern décor. The traditional design complements homes with a classic or transitional decor.

Features

- New contemporary design
- 10 digit capacitive touchscreen with one touch locking
- Motorized deadbolt - enables true remote locking and unlocking
- SecureScreen™ - helps to ensure user codes cannot be identified by examining fingerprints on screen
- Sleek metal design for enhanced quality

User Codes

- Up to 30 customizable user access codes for family & guests
- Mastercode feature for improved user access code management

Connected Benefits

- Lock & Unlock your doors from anywhere
- View lock status and receive notifications of your lock's activity
- Connect to other devices in the home and create scenes driven by the door lock

Consult your system provider to learn more about your connected benefits

THE LEADER IN RESIDENTIAL SECURITY
